This includes protecting members’ privacy, promoting positive behaviours and attitudes, protecting the health safety and wellbeing of members, particularly children while acting in the best interests of children in the sport.

Skate Victoria considers that this is necessary to ensure the health, safety and welfare of all members and protect the image and reputation of the sport, Skate Victoria, and its affiliate members.

Skate Victoria has a zero tolerance approach to child abuse and is committed to promoting and protecting children from abuse and neglect to the greatest extent possible. Skate Victoria is also committed to the cultural safety of Aboriginal children, and those from culturally and/or linguistically diverse backgrounds, and to providing a safe environment for children living with a disability.

Skate Victoria promotes fairness and consideration for all members, staff, volunteers and participants. For further details please refer to the Skate Victoria Member Protection Policy.

Definitions

Child means a person involved in the activities sanctioned by Skate Victoria (including athletes) and under the age of 18 years unless otherwise stated under the law applicable to the child.

Child protection means any responsibility, measure or activity undertaken to safeguard children from harm.

Sexual offence means a criminal offence involving sexual activity or actions of indecency or any act which exposes a child to, or involves a child in, sexual activity or matters beyond his or her understanding or contrary to accepted community standards. Sexually offence behaviours can include the fondling of genitals, masturbation, oral sex, vaginal or anal penetration by a penis, finger or any other object, fondling of breasts, voyeurism, exhibitionism, and exposing the child to or involving the child in pornography. It includes child grooming, which includes actions deliberately undertaken with the aim of befriending and establishing an emotional connection with a child (or the child’s carer, family or supervisor) to lower the child’s inhibitions and prepare them for engagement in a sexual offence.

Mandatory reporter means a person who is legally required to make a report to the Department of Human Services or the Police if they form a belief on reasonable grounds that a child is in need of protection. It includes teachers, principals, registered psychologists, nurses, doctors and midwives.

Recognising and Reporting Child Abuse

In Victoria, a person may, in the course of participating in the sport or other Skate Victoria sanctioned activities in Victoria, form a belief on reasonable grounds that a child is in need of protection from child abuse.

If a person in Victoria is concerned about an immediate risk to a Victorian child’s safety, the person must phone “000” as soon as practicable.

Child abuse can be divided into four categories:

Physical abuse: occurs when a child has suffered, or is likely to suffer, significant harm as a result of a physical injury, such as a non-accidental physical injury.

Sexual abuse: occurs when a child has suffered, or is likely to suffer, significant harm as a result of sexual abuse, such as when a child is exploited, or used by another for his or her sexual gratification or sexual arousal, or for that of others.

Emotional and psychological abuse: occurs when a child has suffered, or is likely to suffer, emotional or psychological harm of such a kind that the child’s emotional or intellectual development is or is likely to be significantly damaged; and

Neglect: occurs when a child’s physical development or health has been, or is likely to be significantly damaged. It refers to an omission, such as depriving a child of food, clothing, warmth, hygiene, intellectual stimulation, supervision and safety, attachment to and affection from adults, or medical care.

Child abuse includes any actions that results in actual or potential harm to a child, in circumstances where the child’s parents have not protected, or are unlikely to protect, the child.
Mandatory Reporters

Select classes of people in the community (including teachers, nurses and doctors) are required by law to report to the Child Protection Unit of the Department of Health and Human Services (DHHS) where they have formed a belief, on reasonable grounds, that a child is in need of protection because they have suffered (or are likely to suffer) significant harm due to physical or sexual abuse.

This report must be made as soon as practicable, and after each occasion where he or she becomes aware of a further reasonable grounds for the belief.

Reasonable grounds for belief

A reasonable belief is formed if a reasonable person believes that:

- the child is in need of protection;
- the child has suffered or is likely to suffer significant harm as a result of physical or sexual injury; and
- the child’s parents are unable or unwilling to protect the child.

To form a reasonable belief, you should consider and objectively assess all the relevant facts, such as the source of the allegation and how it was communicated, the nature of and details of the allegation, and whether there are any other related matters known regarding the alleged perpetrator.

A ‘reasonable belief’ or a ‘belief on reasonable grounds’ is not the same as having proof, but is more than mere rumour or speculation.

You will have reasonable grounds to notify if:

- a child states that they have been physically or sexually abused;
- a child states that they know someone who has been physically or sexually abused (sometimes the child may be talking about themselves);
- someone who knows a child states that the child has been physically or sexually abused;
- professional observations of the child’s behaviour or development leads a professional to form a belief that the child has been physically or sexually abused or is likely to be abused; or
- signs of abuse lead to a belief that the child has been physically or sexually abused.

Voluntary Reporters

In addition to the mandatory reporting obligations above, any Victorian person who believes on reasonable grounds that a Victorian child is in need of protection from any form of child abuse, may disclose that information to the Police or DHHS.

Reporting Child Sexual Abuse

If a person receives information that leads them to form a reasonable belief that a sexual offence has been committed in Victoria against a child (under the age of 16 years) by another person (of or over the age of 18 years), the person has a legal obligation to disclose that information to the Police as soon as it is practicable. Individuals who fail to comply with this obligation under the Crimes Act 1958 (Vic) may be subject to a penalty of 3 years imprisonment.

Skate Victoria’s Approach to Reports of Abuse

Skate Victoria supports and encourages a person located in Victoria to make a report to the Police or DHHS if they form a belief on reasonable grounds that a Victorian child is in need of protection, or they are concerned about the safety, health or wellbeing of a child located in Victoria.

Any person in Victoria that makes a report in good faith in accordance with their reporting obligations (whether mandatory or discretionary) will be supported by Skate Victoria, and will not be penalised by Skate Victoria for making the report.
If a person in Victoria is uncertain as to whether they should make a report to an external authority in relation to the safety of a child located in Victoria, they may speak to the Skate Victoria office for guidance and information. If in doubt, ask for assistance.

If an allegation is made against a member, staff or volunteer, Skate Victoria will follow the reporting procedure outlined in the Skate Victoria Member Protection Policy, available here, and take all steps to ensure that the safety of the child is paramount. An initial step will involve the withdrawal of the accused person from active duty, which could entail standing down, reassignment to a role without direct contact with children, working under closer supervision during an investigation, working from home, or any other measures deemed appropriate depending on the seriousness of the allegation.

Skate Victoria will investigate allegations of inappropriate conduct against a child in accordance with procedural fairness and will handle the allegations in a confidential manner to the greatest extent possible.

Skate Victoria will cooperate with the directions of the Police and/or DHHS in relation to any investigation conducted by these authorities.

Skate Victoria will keep a register of any allegations regarding inappropriate conduct.

Roles and Responsibilities of Personnel Protecting Children

Child Safe/Child Friendly Guidelines to Prevent & Manage Child Abuse Risks

Change rooms

Adult officials, regardless of gender, should only enter change rooms if accompanied by another adult. Prior to entering change rooms, officials should notify the people in the change room of their intended entrance. For the avoidance of doubt this requirement does not apply to parents/legal guardians when in a room with their child.

Hotel rooms and other accommodation

No official should be alone in the room of an athlete without the presence of another adult. The doors should always be open. Should it be necessary for an official to be alone in the room of an athlete, the Team Manager or other responsible official must be informed. For the avoidance of doubt this requirement does not apply to parents/legal guardians when in a room with their child.

Travel - general

All team members over 18 years of age retain an overriding responsibility for the welfare of all athletes they accompany during team travel activities. They have a ‘duty of care’ for athletes and they must meet that duty
and avoid unaccompanied and unobserved activities with persons less than 18 years of age wherever possible. For the avoidance of doubt this requirement does not apply to parents/legal guardians when in a room with their child.

**Sexual relationships while on tour.**

During all team travel activities officials, must not, under any circumstances engage in conduct of a sexual nature with an athlete. Improper conduct of a sexual nature by an official towards an athlete includes any form of child sexual abuse (defined within the Skate Victoria Member Protection Policy) as well as but not limited to the following:

- inappropriate conversations of a sexual nature;
- obscene language of a sexual nature;
- suggestive remarks or actions;
- jokes of a sexual nature;
- obscene gestures;
- unwarranted and inappropriate touching;
- sexual exhibitionism;
- use of any device to show/watch offensive material; and
- any other action that could lead to an athlete being physically, emotionally or psychologically harmed.

**Adults under investigation**

Adults under investigation in relation to a matter involving child abuse, or any matter which has the potential to jeopardise their Working With Children Check (WWCC) (or if based in another State the equivalent requirement) status may be prohibited, by the Skate Victoria Executive, from participating in activities sanctioned by Skate Victoria.

**Coach assistance**

All coaches must ensure that all physical contact with athletes which occurs when coaching is appropriate for the situation and necessary for the athlete’s safety. It is strongly recommended that:

- coaches ensure that there are other adults present whenever coaching;
- coaches take care to explain the procedure to the child prior to beginning any physical contact; and
- coaches obtain consent from the athlete prior to beginning any physical contact.

**Engaging new personnel**

The minimum standard for background checks of employees and volunteers of Skate Victoria and its members located in Victoria, is the law as it applies in Victoria.

Skate Victoria undertakes a comprehensive recruitment and screening process for all staff and volunteers which aims to:

- promote and protect the safety of all children who participate in the sanctioned activities of Skate Victoria;
- identify and recruit the safest and most suitable candidates who share Skate Victoria’s values and commitment to protect children; and
- prevent a person from working at Skate Victoria if they pose an unacceptable risk to children.

Skate Victoria requires all staff and volunteers interacting with children to pass the recruitment and screening process prior to commencing their engagement with Skate Victoria.

As part of the screening and recruitment process, an applicant must provide appropriate evidence (e.g. WWCC or other state equivalent and/or Police check) to show that they are suitable to work with children and young people in a recreational setting.
All Skate Victoria staff and Executive members interacting with children require a WWCC; and the following key event personnel must have a valid WWCC if the event or activity involves children:

- those paid by Skate Victoria for their services;
- volunteers who may have unsupervised access to children;
- relevant contractors who may have unsupervised access to children; and
- anyone else who Skate Victoria feel requires a WWCC due to the nature of the work that they are undertaking for Skate Victoria.

The type of evidence that an applicant is required to provide to Skate Victoria will vary depending on the type of position that they are applying for. However, an applicant will not be offered a position until they provide the required evidence to Skate Victoria.

Skate Victoria will exercise discretion and may require applicants to provide a Police check in accordance with the law and as appropriate, before they commence their engagement and during their time with Skate Victoria in regular intervals.

Skate Victoria will undertake thorough reference checks prior to engaging any personnel.

Once engaged, Skate Victoria will provide staff and volunteers working with children with access to this policy and staff and volunteers must review and acknowledge their understanding of this policy.

Skate Victoria requires that affiliated Victorian clubs ensure all staff and volunteers (including coaches and any officials) likely to have contact with athletes (and other children) have a current WWCC, which needs to be signed off annually as part of the affiliation process. Clubs located in Victoria which do not comply with their legal obligations will be found to have not complied with Skate Victoria affiliation requirements and will be disaffiliated.

Skate Victoria requires all affiliated Victorian club personnel including owners, Committee Members, Volunteers, Coaches and Judges and anyone else who has contact with children to possess a valid working with children check. Any costs associated with gaining a valid WWCC will be dealt with in a manner determined by that club.

**Risk Management Approach**

Child safety is a part of Skate Victoria's overall risk management approach.

**Policy Breaches**

It is a breach of this policy for any person or organisation to which this policy applies, to have been found to have done anything contrary to this policy. Any person who may breach this policy is subject to the Skate Victoria Member Protection Policy.

**Policy Promotion**

This policy is available to all members via our website documents and policies page, available here, and emailed to all affiliated clubs located in Victoria who have a member under 18 year registered with their club through Skate Victoria.

This policy will be communicated to all staff and Executive members via email.

**Review Process**

In addition to the regular review of this policy, recommendations for changes to the policy may be submitted to the Executive for consideration at any time.
